OPEN RANGE

ULTRA LITE

INTERIOR

KITCHEN & LIVING ROOM

UT2710RL Kitchen

Highland Ridge is expanding into a new market segment with the introduction of the Open Range Ultra Lite! The product will initially consist of two models (rear living & bunk model) and will continue to grow steadily with the expectation of offering 12 floor plans by June 2016. With an approximate weight of 5,500 pounds, the new Open Range Ultra Lite can be towed by most medium-duty trucks and SUVs.

In keeping with Open Range tradition, the new Open Range Ultra Lite has been designed from the ground up with the concept of "more for less". Whether it is the 2-Year warranty, 26" full width entry door (2), full walk-in 5'10" slide height, the full depth 39" slide w/42" dinette, or the vinyl flooring throughout the entire unit. Every component has been carefully selected to give you the best value in the industry while maintaining Open Range's quality and standards as well as meeting our customer's expectations.

From conception to finalization, from top to bottom, with every detail, we have diligently focused on giving you "more for less". More features, more content, more room, and yet less weight than our competitors. That winning combination makes the Open Range Ultra Lite the best value in the Ultra Lite market today!

HEATING DIAGRAM (WHEN EQUIPPED W/THERMAL PACKAGE)

Ultra Lite travel trailers have a unique and incredible heating system. We start with a 4 inch heat duct from the furnace down the the underbelly in place of the 2 inch that some of the competitors use. All of our tanks are suspended between the I beams in the underbelly allowing us to have forced air heat blowing from the 4 inch heat duct surrounding the tanks with warm air flow.

How do we get the air flow? Simply by having a return at the end of the tanks going back into the coach. The secret is that simple. We put a return in the underbelly to allow air flow over the tanks instead of a pressurizing system that occurs in other brands.

Seal-Tite Water Shield

Seal-Tite – a semi-robotic system that makes the placement of window sealants more precise and error-free – thus eliminating the hand application of such sealants which can often result in inconsistency.

STANDARD FEATURES

- » .9 Cu Ft Microwave
- » 15" Nitro Fill Radial Tires
- » 20# LP Bottles
- » 32 Cu. Ft. Pass-Thru Storage
- » 5'10" Walk-In Slide Height

PURCHASE LOCALLY

Highland Ridge RV strongly encourages our retail customers to purchase from their local dealership whenever possible due to the following reasons:

- 1) Our Dealers are, as a rule, independently owned and operated businesses. Outside of those customers they personally sold products to, they are not obligated to perform warranty service on Highland Ridge RV products that were purchased elsewhere. There may be an occasion that the customer will be required to return to the point of purchase to satisfy warranty requirements.
- 2) Although many dealerships will service products not purchased at their dealership, they will usually take care of their customers and other Highland Ridge RV customers who are traveling away from their local dealer as a priority.
- 3) Local purchases allow a customer to establish a relationship with a dealer close to home. This relationship provides the customer with a convenient location for service and support from a "local" professional.
- 4) The opportunity for a thorough PDI (Pre Delivery Inspection) and product orientation is an additional benefit of buying from a local dealer. The opportunity for refresher courses or the ability to get questions answered more promptly is another additional benefit of buying from a local dealer.
- 5) For our Canadian customers, there are also requirements which must be met to bring an RV purchased out of the country to their home. Although not impossible, these requirements may involve such things as additional inspections, certifications, taxes and fees. The local Canadian Dealer is a professional at meeting these requirements.
- 6) Highland Ridge's goal is for all RV owners to fully enjoy their RV experience. In light of this goal, and considering the advantages of buying locally, we encourage you to be thorough when determining what product to purchase and which dealer to purchase it from as both are key to your ultimate satisfaction.

At Highland Ridge RV, Inc., we are one of the few manufacturers that have a 2-Year Limited Transferable Warranty. Ensuring our customers that we will stand behind our product for twice the amount of time that other manufacturers offer.

MORE ROOM LESS WEIGHT

This is our mission at Highland Ridge RV, Inc. It's the life blood that runs in our veins. It drives us to innovate and revolutionize the RV industry and it's why our products are 10 - 15% lighter than the competition.
